

ANNOUNCEMENT

Washington Health Benefit Exchange Request for Information (RFI) 17-007

Document Scanning and Imaging Services

The Washington Health Benefit Exchange is initiating this Request for Information (RFI) for the following purposes:

- 1) To identify qualified document scanning and imaging providers that may be interested in receiving future requests for bids or proposals.
- 2) To obtain information on the various scanning and imaging options, services, and pricing available in the current market that will assist HBE with future requests for bids or proposals.

The intent of this RFI is to gather information regarding systems that will provide HBE with the capability to scan, index, and archive these documents, as well as support the overall workflow of receiving and pre-indexing that is done by HBE personnel or contracted vendors.

The Exchange issues this RFI in accordance with its authority under chapter 43.71 RCW, the statute that establishes a health benefit exchange for the State of Washington.

Responses to the RFI are due to the RFI Coordinator no later than **Friday, July 14, 2017 at 3:00pm PT**.

For further information, please contact the RFI Coordinator:
